

HICKORY HIGHLIGHTS

Is it spring yet?

Can you believe it is February already? Time sure is going by quickly, but in this case, we are alright with it because it means the warm weather is right around the corner. Although the colder weather has prevented us from getting out and about as much as we normally do, we have continued to be active inside our community. We celebrated Elvis' birthday with some music from our friend the Troubadour and had treats. We continue to strengthen our minds and be active with our trainers and our Lifestyle Coordinator, Susanna.

In February, we are looking forward to our big Mardi Gras/Valentine's Day party on February 13th. Judy Davis and her band will be performing. The afternoon will consist of dancing, mingling with friends, and goodies that are sure to fill us all! Also, we will be starting our intergenerational project with the St. Agnes third graders. Susanna and a group of our residents will be doing a 'Legacy Tree' project that sounds extremely interesting. If you are interested in participating, please meet Susanna on Wednesday, February 7th at 1pm! This month is also

the Super Bowl... join us for our viewing party on February 4th! Lastly, we are gearing up for our first ever Battle of the 'Bands'! Our resident, Becky P., had the idea to get a bunch of our favorite performers in for an afternoon of music and then at the end of all the performances we will vote on which one put on the best show. The event will take place on February 20th from 4-8pm and we will have light snacks, dancing, a photo booth, and one heck of a good time! For more information on any event, please contact Meredith or Susanna today!

Happy February to all our readers! ☺

TRAVEL LOG

Since the 2018 Winter Olympics are being hosted by South Korea, we will have a closer look at this country.

South Korea is located on the continent of Asia. It is bordered by China to the west, Japan to the east and North Korea to the north. It is one of the most advanced countries in the world, dominating in the areas of information technology and automobiles (Hyundai & Kia) and robotics.

We will take two mornings to explore South Korea. If you are in the area, stop on by and join our Front Porch Travelers ☺

CAREGIVER CORNER

Are you considering some extra care for yourself? Don't know where to turn? Come see Jill today and she will point you in the right direction.

There are so many different services and options available through companies like BrightStar Care that can help you live safely at Hickory Glen longer. This is much more cost effective than making a move to an assisted living community.

Hickory Glen wants the best for our residents and we want to help, but we have to know the situation in order to point you in the right direction!

Don't be nervous to ask for a service!
